### Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive but Unequaled

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 14 cents or less. You couldn't buy as much ready-made cough medicine for \$2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in gualacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
